Friday 10th March 2023

Dear Parent, Guardians,

RE: Year 6 SATs

SATs will soon be upon us and for the children to get in some extra preparation we thought it would be useful to offer parents the opportunity to purchase some practice books to complete at home.

These are not essential but optional and will help provide the children with some extra practice during the run up to the actual assessments. It is also not necessary to buy all the books, it may be worth considering which subject your child needs the most practice. If you need help in making the decision, please do not hesitate to speak to your class teacher.

These books are all available on www.cgpbooks.co.uk but as a school we get a heavily discounted price, please below a selection of books we have picked out as ones we feel will be useful.

If you would like to order the books please order on ScoPay by Wednesday 15th March at 7pm. You will see all of the options below on ScoPay, only order and pay for the ones you wish to purchase.

As soon as the books arrive, we will give them to the children. If you would like any of the books but paying for them is in an issue, then please contact your class teacher or myself and I am sure we can arrange some support.

Maths

6.01 KS2 Maths SATS Question Book: Arithmetic - Ages 10-11 (for the 2023 tests) £3

The Maths SATS test is split into 3 separate papers, one for Arithmetic and two for Mathematical Reasoning. This **Arithmetic Question Book** focuses on improving pupils' Arithmetic skills, boosting their confidence and ensuring they're fully prepped for Maths Paper 1!

From negative numbers to adding fractions, we've covered every Arithmetic topic with heaps of practice questions, all brought together with quick summary tests at the end of each section. Answers and mark schemes are included at the back, along with a handy chart to help keep track of progress and test scores!

6.02 KS2 Maths SATS Question Book: Reasoning - Ages 10-11 (for the 2023 tests) £3

The Maths SATS test is split into 3 separate papers, two for Mathematical Reasoning and one for Arithmetic. This **Reasoning Question Book** focuses on improving pupils' Reasoning skills, boosting their confidence and ensuring they're fully prepped for Maths Papers 2 & 3!

From Ratios and Formulas to Units and Angles, we've covered every Mathematical Reasoning topic with heaps of practice questions, all brought together with quick summary tests at the end of each section. Answers and mark schemes are included at the back, along with a handy chart to help keep track of progress and test scores!
