	Questions	School Response
1	How does St Anne's Catholic Primary School know if young people need extra help and what should I do if I think my child may have special educational needs or a disability?	<p>The progress of all students is monitored regularly through half termly assessment by Class Teachers and the Senior Leadership Team so that when a student is not making expected progress in a particular area of learning the school can identify the need for additional support. This will then be discussed with parents/carers.</p> <p>If parents/carers have concerns about the progress or attainment of their child they should in the first instance make an appointment to speak to the Class Teacher to discuss their concerns or alternatively they can speak to our Special Needs and Disability Coordinator (SENDCo).Name: Rachel Lewthwaite or Caitlin Dorgan (Inclusion and Mental Health Lead).</p>
2	How will St Anne's Catholic Primary School staff support my child?	<p>When the school identifies the need for additional support to enable a student to make expected progress the parents/carers will be invited to a meeting at the school with the SENDCo to discuss a plan of support.</p> <p>This ISP will detail what sort of provision is in place, what outcome is expected, who is providing it and for how long.</p> <p>The Child is expected to also take part in their planning and their view is central to the discussion.</p>

		<p>Our School Provision Map shows the range of interventions in place in our school which will be used where we identify students who will benefit from these interventions.</p> <p>We will monitor the progress of all students receiving additional support to ensure that the provision we have put in place is having the impact we are expecting through half termly assessment and reporting and at the end of each intervention if appropriate.</p> <p>Governors are responsible for monitoring the effectiveness of the provision in place for students identified with SEND and they will receive a report from the SENDCo on the progress of students with SEND.</p>
3	How will the curriculum be matched to my child's needs?	<p>All teachers are provided with information on the needs of individual pupils so that they can plan the learning within our curriculum to ensure that all students are able to make progress. If, for example, a student has Speech, Language and Communication Needs teachers will use simplified language and pictures to support them to understand new vocabulary.</p>
4	How will both you and I know how my child is doing and how will you help me to support my child's learning?	<p>Parents/carers will be invited to a review meeting twice during the academic year, these may be during the parents evening meeting slots to discuss the support that the school are providing, evaluate impact and success and support the parents/carers in knowing how they can help their child at home.</p> <p>At this meeting we will talk about the progress your child is making and share ideas about how we can together help them to do even better. Specialists are available at meetings to share ideas and think strategically moving forward for the child should this be necessary.</p>
