

KS2 Filmmaking Challenge- Care for our Common Home

Dear parents,

A speaker from CAFOD spoke to all the children last week about looking after the environment.

Pope Francis has written a letter to us all entitled "Laudato Si' - Care for our common home in which he reminds us about how we are not looking after our planet and asks us to do something about it. This can be found on the CAFOD website. Please follow this link to watch it.

https://www.youtube.com/watch?v=KOgF2Kgel6k&feature=emb_rel_pause

This is an important message for us all but in particular for the children. I would therefore like to invite the children to work with groups of children/family or friends to create a short film entitled- Care for our Common Home, which teaches others exactly how to look after our environment.

This project is not compulsory and there are no set guidelines.

Please send finished films to me by the end of the second week after Christmas.

The Eco council and myself will look through each film, give our feedback and share the best two films in assembly.

For some parents who are as old as me, you may remember the programme *Worzel Gummidge!* There is a re make on BBC 1 which was on over Christmas with a message about looking after our environment so this may be a starting point for our budding filmmakers!!

I am looking forward to watching the films!

Best wishes and good luck

Mrs Murphy
